### TESTIMONIALS

"Portable Parallel Bars are going to be something that all hospitals will want to utilize to really change how healthcare is delivered."

*Dr. Therese Jamison, ACNP-BC ICU Ascension Health  
Founding Director for Lawrence Technological University's School of Nursing*

"We can deliver therapy on wheels and be more mobile and give benefits to patients earlier on..For PT's the device will reduce physical strain that we have while mobilizing patients."

*Peter DiSalvo, DPT, VHA iNet SME*

"The Parallel Bars were immediately put into use with wonderful results. Therapists love the quick, easy set up that allows us to maximize time with patient."

*Lori Vickers, DPT Director of Inpatient Therapy  
Gaylord Specialty Healthcare*
